

BERFORINI D'AQUINO

LIDIA

08/08/2000

Lidia Berforini D'Aquino

7 - Oftalmoplegia internucleare

7 - "From the perspective of prevention and treatment, the ischemic index is closely related to the development of neovascularization. The paper provides essential insights into the mechanism, efficacy, complications, and optimal timing of pan-retinal photocoagulation."

In Word come si "applica il corsivo" ad un testo o parola?

LINDA NEELIPI

20/06/1986

Linda Neelipi

2 - Paralisi 3 nc

2 - "However, there is currently no uniform and clear standard to differentiate between ischemic and non-ischemic central retinal vein occlusion. Also, the assessment of neovascular glaucoma progression is uncertain."

In Word come si "allinea al centro" un testo?

6 - Sindrome di Moebius

NICOLE DE SANTIS

24/11/93

Nicole De Santis

6 - "The age of patients, the extent, location, and duration of retinal ischemia are the primary factors that affect the severity and extent of ischemic central retinal vein occlusion and induce serious complications."

In Word come si "applica il sottolineato" ad un testo o parola?

ELENA GIOMI
23/10/2000 E. Giomi

8 - Sindrome di Brown

8 - *"Comparing the treatment effects of pan-retinal photocoagulation and intravitreal anti-VEGF injections, we suggest a combination of both treatments to explore effective treatment with fewer side effects in the long term."*

In Word come si "salva con nome" un documento?

ELENA LAZZARI
22/10/2002

9 - Med

Elena Lazzari

9 - *"This article details the debate on the above issues and explores ideas for the clinical diagnosis and preventive treatment of neovascular glaucoma that results from ischemic central retinal vein occlusion."*

In Word come si "inserisce una tabella costituita da 3 righe e da 2 colonne"?

NERI ILARIA

29/04/1993

Ilaria Neri

3 - Paralisi 4 nc

3 - *"Meanwhile, although pan-retinal photocoagulation is a standard treatment to prevent the onset of neovascular glaucoma, its actual efficacy and the timing of intervention remain highly controversial."*

In Word come si "allinea a sinistra" un testo?

5 - Sindrome di Duane

5 - *"By taking into account various assessment criteria of central retinal vein occlusion and neovascular glaucoma over the years, combining functional tests and morphological tests provides the most accurate and rigorous solution."*

In Word come si "applica il **grassetto**" ad un testo o parola?
